Overall Length:

21.240 inches

Overall Height:

5.441 inches

Overall Width:

12.590 inches

Product Name:

Fsc application data: automatic data processing systems, scientific, and office type

Special Features:

Card listing for 7073540 c/p assembly 1, chassis assembly central processor uyk-7, 7073541-00 1, chassis assembly central processor uyk-7, 7073541-01 1, converter module assembly 1, heat sink, plate type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
