Overall Length:

3.410 inches

Overall Height:

0.390 inches

Overall Width:

3.470 inches

Product Name:

Fsc application data: automatic data processing systems, industrial, scientific, and office types

Special Features:

Circuit card assembly 2, printed wiring assembly 2, transformer 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
