Overall Length:

5.130 inches

Overall Height:

0.827 inches

Overall Width:

4.470 inches

Product Name:

Fsc application data: power supply, infrared detecting group, night vision

Special Features:

Capacitor 13, coil 4, connector 1, crystal 1, diode 5, integrated circuit 21, printed wiring board 1, resistor 45, transistor 14, variable resistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
