Overall Length:

5.175 inches

Overall Height:

0.481 inches

Overall Width:

4.000 inches

Product Name:

Fsc application data: decoder-programmer, command signals, fire control group, sonar

Special Features:

Capacitor 9, connector 1, microcircuit 10, printedwiring board 1, resistor 23, semiconductor device, diode 13, transistor 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
