**Overall Length:**

2.531 inches

**Overall Height:**

0.781 inches

**Overall Width:**

1.594 inches

**End Application:**

Application data: radio and television communication equipment, airborne

**Special Features:**

Resistor 3, transformer 1, diode 1, component board 1, pin 16

**Precious Material And Location:**

Pins gold

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
