Overall Length:

17.500 inches

Overall Height:

0.625 inches

Overall Width:

7.500 inches

Product Name:

Fsc application data: control-processor, signal, receivingset, countermeasures

Special Features:

Capacitor 63, connector 6, microcircuit 167, printedwiring board 1, resistor 8, semiconductor device, diode 49

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
