Product Name:

Fsc application data: converter, digital to analog, radio set, communication, airborne

Special Features:

Capacitor19, microcircuit 26, transistor 34, insulator disk 35, diode 25, contact 107, housing 2, printed wiring board 1, heatsink 1, resistor 74, thinfilm clock driver 1, thinfilm mos-ttl 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
