**Product Name:**

Fsc application data: converter, digital to analog, radio set, communication, airborne

**Special Features:**

Capacitor19, microcircuit 26, transistor 34, insulator disk 35, diode 25, contact 107, housing 2, printed wiring board 1, heatsink 1, resistor 74, thinfilm clock driver 1, thinfilm mos-ttl 2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
