Overall Length:

7.375 inches

Overall Height:

0.920 inches

Overall Width:

4.480 inches

Product Name:

Fsc application data: test set, weapons rail system, armament

Special Features:

Capacitor 18, connector 2, diode 14, integrated circuit 7, printed wiring board 1, relay 1, resistor 39, transistor 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
