**Overall Length:**

7.375 inches

**Overall Height:**

0.860 inches

**Overall Width:**

4.477 inches

**Product Name:**

Fsc application data: test set, actuator, specially designed, acft

**Special Features:**

Capacitor 6, connector 2, microcircuit 2, printed wiring board1, relay 4, resistor 16, semiconductor device 14, transistor 2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
