Overall Length:

5.400 inches

Overall Height:

0.652 inches

Overall Width:

4.023 inches

Product Name:

Fsc application data: test set, weapons rail system, armament

Special Features:

Capacitor 41, connector 2, diode 7, integrated circuit 12, printed wiring board 1, resistor 34, transistor 1, variable resistor 6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
