**Overall Length:**

5.400 inches

**Overall Height:**

0.652 inches

**Overall Width:**

4.023 inches

**Product Name:**

Fsc application data: test set, weapons rail system, armament

**Special Features:**

Capacitor 41, connector 2, diode 7, integrated circuit 12, printed wiring board 1, resistor 34, transistor 1, variable resistor 6

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
