Overall Length:

7.375 inches

Overall Height:

0.622 inches

Overall Width:

4.480 inches

Product Name:

Fsc application data: test set, actuator, specially designed, acft

Special Features:

Capacitor 14, connector 1, microcircuit 16, printed wiringboard 1, resistor 31, semiconductor device 7, transistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
