Overall Height:

0.477 inches

Product Name:

Fsc application data: control box, directional, automatic pilot

Special Features:

Capacitor 20, connector 1, microcircuit 1, printed wiring board 1, resistor 71, diode 33, transistor 41

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
