Overall Length:

5.130 inches

Overall Height:

0.692 inches

Overall Width:

4.470 inches

Product Name:

Fsc application data: power supply, infrared detecting group, night vision

Special Features:

Capacitor 7, coil 2, connector 1, coupler, optoelectronic 1, jack, tip 6, microcircuit 5, printedwiring board 1, resistor 34, semiconductor device, diode 2, transistor 6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
