Overall Length:

7.400 inches

Overall Height:

0.690 inches

Overall Width:

5.280 inches

Product Name:

Fsc application data: servo assembly, test set, programmer, specially designed, acft

Special Features:

Capacitor 10, microcircuit 48, resistor 66, transistor 30

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
