Overall Length:

3.875 inches

Overall Height:

0.504 inches

Overall Width:

3.750 inches

Product Name:

Fsc application data: comparator, countermeasures set

Special Features:

Capacitor 20, microcircuit 1, printed wiring board1, resistor 34, semiconductor device, diode 11, transistor 10

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
