Overall Length:

5.187 inches

Overall Height:

0.438 inches

Overall Width:

3.750 inches

Product Name:

Fsc application data: simulator group, high power test set

Special Features:

Capacitor 14; diode 21; insulator disc 13; jack tip 6; printed wiring board 1; resistor 39; transformer 1; transistor 13

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
