Overall Length:

4.750 inches

Overall Height:

0.555 inches

Overall Width:

4.250 inches

End Application:

Cryptologic items other than communications security (comsec) equip

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Plug-in mtd

Special Features:

Capacitors 20; coils 5; ferrite beads 2; diodes 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
