Overall Length:

4.700 inches

Overall Height:

0.442 inches

Overall Width:

3.375 inches

Product Name:

Fsc application data: control, armament subsystem fire control group, armament-ammunition

Special Features:

Capacitor 4, connector 1, microcircuit 33, printedwiring board 1, resistor 43, semiconductor device, diode 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
