Overall Length:

7.500 inches

Overall Height:

1.750 inches

Overall Width:

5.231 inches

Product Name:

Fsc application data: transmitting set, electronic guidance signals

Special Features:

Printed wiring board 1, transistor 14, diode 14, capacitor 23, resistor 60, choke 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
