Overall Length:

6.500 inches

Overall Height:

0.600 inches

Overall Width:

4.500 inches

Product Name:

Fsc application data: control, test set, radar

Special Features:

Capacitor 13, coil 2, connector 1, microcircuit 7, printed wiring board 1, relay 2, resistor 26, semiconductor device diode 6, transformer 1, transistor 6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
