Proc	tuct	Na	ma.

Fsc application data: multimeter, digital assembly, test central, weapon system, specially designed acft

Special Features:

Printed wiring board 1, amplifier 2, capacitor 7, diode 4, relay 2, transistor 7, resistor 15, resistor 1, integrated circuit1, connector 1, insulator 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
