Product Name:

Fsc application data: phase control, test central, airborne weapon system, automatic

Special Features:

Transistor 4, relay 1, capacitor 8, diode 5, insulator 5, resistor 18, integrated circuit 17, connector 4, printed wiringboard 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
