Product Name:

Fsc application data: multimeter, digital assembly, test central, airborne weaponsystem, automatic

Special Features:

Capacitor 2, connector 1, diode 5, integrated circuit 14, printed wiring board 1, relay 4, resistor 25, transistor 16

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
