Overall Length:

6.000 inches

Overall Height:

0.620 inches

Overall Width:

4.000 inches

Product Name:

Fsc application data: test set, receiver-detecting set, except specially designed

Special Features:

Capacitor 3, connector 1, diode 2, jack, test point 3, printed wiring board 1, relay 1, resistor 17, transistor 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
