Product Name:

Fsc application data: countermeasures set

Special Features:

Printed wiring board 1, resistor 44, capacitor 59, semiconductor device diode 25, transistor 13, integrated circuit 38, light 4, pedestal 38, insulator 13, lamp 4, contact 98, housing 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
