Overall Height:

0.360 inches

Product Name:

Fsc application data: control logic assembly, electrical system, aircraft

Special Features:

Capacitor 25, connector 1, microcircuit 8, printed wiringboard 1, resistor 28, semiconductor device, diode 26

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
