Overall Length:

6.688 inches

Overall Height:

0.502 inches

Overall Width:

3.375 inches

Product Name:

Fsc application data: programmer, air inlet control, aircraft flight

Special Features:

Capacitor 24, extractor 2, integrated circuit 11, printed wiring board 1, network resistive 1, resistor 27

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
