Overall Length:

7.500 inches

Overall Height:

1.250 inches

Overall Width:

4.500 inches

End Application:

Photographic sys. Components and supplies

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Photographic printer

Special Features:

Diode 1, ic 6, pwb 1, res 16, transformer 1, transistor 8; plugs into 30 contact connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
