**Overall Length:**

15.340 inches

**Overall Height:**

4.920 inches

**Overall Width:**

11.310 inches

**Product Name:**

Fsc application data: supplementary equipment, guided missile system test station

**Special Features:**

Board assembly 1, connector 1, contact, patchboard 451, contact, universal 23, holder 1, key, connector 2, printed circuit board 1, resistor assembly 1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A511k0
