**Product Name:**

Jetds: heat sink transistor assembly

**Special Features:**

Amajor components: heat sink 1, capacitor 4, resistor 2, terminal lug 4, plate mounting 1, insulator plate 6, transistor 4, fan axial 1, diode 2, spacer sleeve 2; mtg configuration: plate mounting

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**
