Overall Length:

8.312 inches

Overall Height:

0.800 inches

Overall Width:

4.000 inches

End Application:

Airborne radar and miscellaneous electronic equipment

Special Features:

Cap, coil, conn, diode, integrated circuit, insulator, pwb, res, transistor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
