Product Name:

Fsc application data: multimeter, digital assembly, test central, airborne weaponsystem, automatic

Special Features:

Capacitor 16, connector 1, diode 7, integrated circuit 3, printed wiring board 1, relay 3, resistor 20, transistor 2, variable resistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
