Overall Length:

6.938 inches

Overall Height:

1.219 inches

Overall Width:

5.703 inches

End Application:

Ground nav aids nav aids project'404I tracks

Features Provided:

Electrostatic sensitive

Special Features:

Circuit card assembly; pwb 1, cap 2, integrated circuit 32, component bd 1, mounting configuration: ten 0.155 in. Diameter mtg holes irregularly spaced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
