Overall Length:

5.100 inches

Overall Height:

0.904 inches

Overall Width:

4.620 inches

Product Name:

Fsc application data: control unit, generator

Special Features:

Capacitor 10, microcircuit 3, printed wiringboard 1, resistor 21, semiconductor device, diode 17, transistor 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
