Overall Length:

7.500 inches

Overall Height:

0.062 inches

Overall Width:

6.000 inches

End Application:

416I continental air defense control and warning system

Special Features:

Cap 8, diode 3, heat dissipator 3, pwb 1, res 41, transistor 12; three 0.166 in diameter mtg holes on 0.200 in by 1.500 in by 2.000 in by 2.000 in by 0.500 in mtg centers; hinge mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
