Overall Length:

3.520 inches

Overall Height:

0.280 inches

Overall Width:

3.370 inches

End Application:

Automated radar terminal system 3a (arts3a)

Product Name:

Fsc application data: automated radar terminal system arts iii

Special Features:

Pprinted wiring board 1; capacitor 1; integrated circuit 6; fig 5-1, a9a px 12098-1-2, technical manual for arts iiiia data processing subsystem, reconfiguration and fault detection unit (rfdu), vol 1, sec 1-5, pg 5-7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
