Body Style:

Double flair entry

Overall Length:

4.000 inches

Overall Height:

0.750 inches

Overall Width:

0.500 inches

Unthreaded Mounting Hole Diameter:

0.257 inches all mounting facilities

End Application:

Test set, radar an/tpm 22a

Mounting Facility Type And Quantity:

2 unthreaded hole all mounting facilities

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
