Product Name:

Fsc application data: converter, computer group, countermeasures and navigation data

Special Features:

Capacitor 23, diode 8, printed wiring board 1, adapter2, connector 1, gasket 1, amplifier 2, resistor 19, transformer 1, transistor4, insulator 6, thermal strip 14, screw 4, microelectronic circuit 14

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
