**Product Name:**

Fsc application data: converter, computer group, countermeasures and navigation data

**Special Features:**

Capacitor 6, connector 1, thermal strip 3, transistor 2, resistor 34, insulator 4, diode 7, switch assembly 10 printed wiring board1, microelectronic circuit 3

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
