Product Name:

Fsc application data: converter, computer group, countermeasures and navigation data

Special Features:

Capacitor 6, connector 1, thermal strip 3, transistor 2, resistor 34, insulator 4, diode 7, switch assembly 10 printed wiring board1, microelectronic circuit 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
