Overall Length:
4.359 inches
Overall Width:
2.703 inches
Special Features:
8capacitors 6; clip, spring tension 4; heat sink 1; insulator bushing 2; insulator, electrical 1; insulator, disk 6; printed wiring board 1;
resistors 13; retainer, transistor 2; semiconductor device, diode 5; terminal lug 1; terminal stud; transistors 7
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
Fiia:
