Overall Length:

11.375 inches

Overall Height:

1.687 inches

Overall Width:

9.187 inches

Product Name:

Fsc application data: interrogator set, electronic identification

Special Features:

Capacitor 19, connector 1, fuse 3, light assembly 1, printed wiringboard 1, relay 1, resistor 65, semiconductor device, diode 24, switch
2transformer 3, transistor 22

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
