Overall Length:

10.000 inches

Overall Height:

0.625 inches

Overall Width:

6.391 inches

End Application:

Type no. Td-660a/g

Special Features:

Capacitor 48, coil, rf 1, connector, receptacle 1, integrated circuit 20, jack, tip 4, module assembly, generator, noise 1, printed wiring board 1, resistor 98, semiconductor 36, transistor 15

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
