Overall Length:

7.312 inches

Overall Height:

0.454 inches

Overall Width:

5.000 inches

Product Name:

Fsc application data: transmitting set radio electronic identification

Special Features:

Printed wiring board 1; integrated circuit 26; capacitor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
