Overall Length:

4.400 inches

Overall Height:

0.040 inches

Overall Width:

2.200 inches

Features Provided:

Electrostatic sensitive

Product Name:

Panel, fault function

Special Features:

Major components: printed wiring board 1, connector 5; mtg. Configuration: 2 mtg holes and 4 slots

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
