Overall Length:

6.000 inches

Overall Height:

0.562 inches

Overall Width:

4.000 inches

Product Name:

Fsc application data: interval meter assembly, test central, airborne weaponsystem, automatic

Special Features:

Capacitor 25, connector 1, coil 3, microcircuit 7, printedwiring board 1, relay 1, resistor 62, semiconductor device, diode 52, transistor 13

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
