Overall Length:

7.050 inches

Overall Height:

0.540 inches

Overall Width:

3.130 inches

Product Name:

Fsc application data: control, speed brake and trim, aircraft

Special Features:

Capacitor 19, connector 1, microcircuit 15, printed wiringboard 1, resistor 59, semiconductor device, diode 18, transistor 6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
