Product Name:

Fsc application data: converter, computer group, countermeasures and navigation data

Special Features:

Printed wiring board 1, insulator 4, adapter 1, thermalground strip 15, resistor 26, transistor 13, grounding strip 14, capacitor9, diode 17, connector 1, microelectronic circuit 30

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
